New Business			
Governor's Annual Report	M.S. Jones	A copy of the Governor's Annual Report was provided for members to view. Copies were also sent to Lt. Governor Hall-Long, Chairs of the Senate and House Health Committees, former House Committee Chair Heffernan, and Representatives Schwartzopf and Henry.	
Recent OTDAB Activities	T. Franzen	A number of houses of worship participated in National Donor Sabbath.  The annual Donation Champions event was held at Christiana Hospital and was attended by 75 to 80 nurses and respiratory therapists. B. Murray spoke at the event as well as at a Jewish Synagogue in November and several other houses of worship.  GOL had a record year in 2016 with deceased organ donors, whose gifts translated into more than 1,400 patients received organ or tissue transplants.  The annual Delaware Donor Dash will tentatively take place in September at a new location. This would be a great venue for encouraging donor sign-ups.  April is Donate Life month. M. Lau offered to work to reactivate meetings with the southern Delaware volunteer group. Dr. Swanson emphasized the impact that those who have experienced the need for an organ can have on the public. GOL's hospital service takes recipients along when speaking with Emergency and Intensive Care nurses, which allows them to see the results of donation.	Ongoing
Gift of Life (GOL) Contract	M.S. Jones	The work plan was received from Gift of Life and will be forwarded to Fiscal, with a hopeful start date of April 3 <sup>rd</sup> and an end date of June 30 <sup>th</sup> . The question was posed as to whether funds for the contract are at risk due to the State's budget shortfall. The funds need to be spent rapidly, but it is more likely there may be decreased amounts of funds available in the next budget process. Public testimony is taken at budget hearings, and the fiscal argument for transplant versus cost of lifelong medical care is enormous.	Informational
Legislative Update on SB 17 and HB 21	J. Weinstock S. Swanson	The State Senate passed SB 17, which decriminalizes transplant of kidneys from HIV infected donors. It is hoped that when the House reconvenes that it will follow suit. If the many coalitions that were in support of these bills could be invited to a formal signing by the governor, OTDAB could reach an untapped source of possible donors.  House Bill 21 ensures that individuals with disabilities are not denied access to organ transplants based solely on the disability. Dr. Swanson emphasized that there must be assurance that a recipient with a disability has someone who can provide proper support. The only issue that may preclude a person from transplant is that the person is not a suitable candidate due to other medical issues.	Informational
Title 14 Education DE Administrative Code	T. Franzen J.Weinstock	Less than 50% of potential graduates have met the organ donation education requirements of Title 14. There are teaching plans available but the enforcement requirement has not been met.	Ongoing Informational

Adjourn: J. Weinstock moved to adjourn the meeting and Dr. Swanson seconded the motion. The meeting adjourned at 1:00 p.m. Next meeting will be held on Monday, May 8, 2017 10:00 a.m. to 11:30 a.m., Appoquinimink State Service Center, Middletown.
